

Call for Special Sessions

Prospective organizers of special sessions at SISA 2023 are invited to submit their proposals before **April 14, 2023**, to the special session chairs:

- Noriaki Suetake (suetake(at)sci.yamaguchi-u.ac.jp)

Special session proposals should include the following information.

- Name of organizer(s)
- Title
- Session abstract
- Tentative titles, abstracts, and authors of invited papers
- Contact information of organizer, including affiliation, address, and email

Each special session will consist of 4 to 5 papers by oral presentation. All submitted papers go through the same review process, and decisions of acceptance will be based on the technical program committee and the review results. The organizers and speakers are required to register and to attend the conference. Registration fees will not be discount, and there will be no honoraria available.
